Morgan Lehman Gallery is pleased to present the William Paterson University Master of Fine Arts Summer 2018 Exhibition, composed of works from recent and current students of the visual arts graduate program selected by artist and curator Austin Thomas. The exhibition reflects the interdisciplinary nature of the program by exhibiting works in a range of media such as painting, sculpture, graphic narrative, digital media, multimedia and animation.

The Master of Fine Arts (MFA) degree at William Paterson University is a professional degree for the fine artist, designer, and media artist. The MFA is offered as a three-year full time degree program or as a five year, part time degree program for the working professional. As an interdisciplinary degree, students can explore their practice by choosing course offerings that include digital processes, animation, painting, printmaking, sculpture and digital sculpture, ceramics, photography, graphic media and animation. William Paterson University is located in Wayne, New Jersey.
