March 15 - April 28, 2018

Opening Reception: Thursday, March 15, 6 – 8 pm

Selective definitions of “isness” include the quality of being; existence as something.

The ability to live in a world of what is.

Presence.

Living in the now.

I am therefore I is.

Isness is the moment.

Isness is what is going on right here, right now, whether we like it or not.

Isness is not a brief interlude, but a fluent state of wisdom and grace that embodies all creation.
